The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations

Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Texas A&M - RELIS Utilities Infrastructure Improvements project in fiscal year 2026. The entity to receive funding for this project is Texas A&M University System, located at 301 Tarrow Street, College Station, TX, 77840.

The funding would be used for necessary utility infrastructure improvements to critical areas of the campus in support of engagements with federal, state, and private sector partners. This project is an appropriate use of taxpayer funds because the infrastructure improvements support the research and innovative projects that are conducted at the Texas A&M RELIS Campus that continue economic growth in the Brazos Valley and opportunities that drive innovation in national priorities. The project will enable economic growth in the Brazos Valley through innovation, job creation, and technology transfer.

The project has a federal nexus because the funding provided is for purposes authorized in 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Michael T. McCaul  
Member of Congress
