The Honorable Rosa DeLauro
Ranking Member

Dear Chairman Cole and Ranking Member DeLauro:

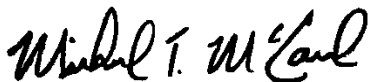

I am requesting funding for East Travis Regional Wastewater Treatment Plant in fiscal year 2027. The entity to receive funding for this project is the City of Manor, located at 105 E. Eggleston St., Manor, TX, 78653, United States.

The purpose of this request is to advance engineering and design for a regional wastewater treatment facility needed to serve continued growth in eastern Travis County and prevent treatment capacity from falling behind housing, commercial, and employment development. The project is an appropriate use of taxpayer funds because it invests in future of Travis County and neighboring Bastrop County wastewater treatment in one of the fastest growing regions of Texas to ensure it does not fall behind housing, commercial, and employment development.

The project has a federal nexus because the funding provided is for purpose authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Michael T. McCaul
Member of Congress
