The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

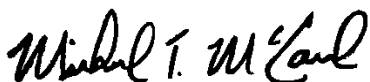

I am requesting funding for Aerospace Health Education and Workforce Development in fiscal year 2026. The entity to receive funding for this project is Texas A&M University Health Science Center, located at 8441 Riverside Parkway Suite 3100, Bryan, Texas, 77807.

The funding would be used for developing educational programs and training initiatives for physicians and nurses trained in aerospace medicine. This project is an appropriate use of taxpayer funds because it will support the training of medical and nursing students to grow the aerospace health workforce, ensure the health and safety of astronauts, and improve the success of future NASA missions.

The project has a federal nexus because the funding provided is for purposed authorized by section 20102 of title 51, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Michael T. McCaul
Member of Congress
